

RX[®] Blanca NR/SBR rubber

Material	: NR/SBR
Colour	: white (plain)
S.g. (gr/cm³)	: 1.5
Hardness (°Shore)	: about 65 A
Tensile strength (N/mm²)	: 7
Elongation at rupture (%)	: 500
Max. pressure (bar)	: 10
Temperature range (°C)	: -30/max. +75
Suitable for	: food

material identification using stamping
 FDA approved, compound released
 according to FDA guidelines. 177,
 2600 smell and taste free

Delivery program RX[®] Blanca

no. of inserts	width (mm)	thickness (mm)	roll length (m)
-	1400	1	10
-	1400	2	10
-	1400	3	10
-	1400	4	10
-	1400	5	10
-	1400	6	10
-	1400	8	5
-	1400	10	5

Deviating densities available upon request.

Gaskets according to diagram can be quickly produced in our proprietary production.
