

RX® SPIRALEX-OHS

Design

- special worm screw clamp for coiled hoses type Vacufixx, Abraflex and CP (with the exception of the hose types Abraflex-HD and Abraflex-SHD)
- with suspension eye to guide hoses in a safe and suitable way
- worm screw clamp with integrated “coiled bridge”, so complete sealing of the whole circumference of the hose is guaranteed
- this guarantees the certain and tight connection of the hose to the connecting piece
- simple to assemble
- according to DIN 3017

Material

- band chrome steel
- coiled bridge stainless steel
- screw galvanised steel
- suspension eye galvanised steel

Data Table

ERIKS art.no.	Front internal hose diameter	Band width
	mm	mm
11195259	50 - 55	9
11195261	60 - 65	9
11195273	70 - 75	9
11195274	80	9
11195276	90	9
11195277	100 - 102	9
11195278	110 - 115	9
11195279	120 - 127	9
11195280	130	9
11195281	140	9
11195282	150 - 152	9
11195283	160	9
11195284	170 - 175	9
11195286	180	9
